

Supplemental Health Certificate for the Temporary Importation of Foreign Origin Horses to the United States Under CEM Waiver 9 CFR 93.301(f) for Longines League of Nations 2025 in Ocala, FL

I. Identification of Animal

Name	Breed	Sex	Age	Color	Microchip

II. Country Visited: _____

III. Address of Premises of Temporary Residence:

IV. Dates of Residence (mm/dd/yyyy): _____ **to** _____

V. Animal Health Attestations

I, the undersigned, certify that the horse described above meets the following requirements:

- The horse has been residing in the country specified above for _____ (number) days.
- The horse described was inspected on the premises listed above on _____ (mm/dd/yyyy) and found to be free of contagious diseases and, insofar as can be determined, not exposed to communicable or contagious diseases immediately preceding exportation, during the indicated period of residency.
- The horse has not been vaccinated with a live, attenuated or inactivated vaccine during the period of residency if within 14 days preceding exportation to the United States.
- That, insofar as I can determine, African horse sickness, dourine, glanders, surra, epizootic lymphangitis, ulcerative lymphangitis, equine piroplasmiasis, equine infectious anemia (EIA), contagious equine metritis (CEM), vesicular stomatitis, or Venezuelan equine encephalomyelitis has not occurred on the residing premises during the period of residency, nor have these diseases occurred on any adjoining premises during the same period of time.
- The horse was examined and found to be free of ectoparasites.
- APHIS recognizes the country of residency as free of African Horse Sickness.²

VI. CEM Attestations:

- During the indicated period of residency listed, the horse did not have any contact, breeding or otherwise, with horses from a premises affected with CEM or horses found to be affected with CEM.

VII. Foot and Mouth Disease (FMD) Attestations:

- APHIS recognizes the country of residency free of FMD.^{1,2}
OR
- APHIS recognizes the country of residency to be affected with FMD and the horse will reside in an APHIS recognized FMD-free country, for a minimum of 5 days prior to export to the United States.^{1,2}
OR
- APHIS recognizes that the country of residency, or any country resided in within five (5)

days of export to the US, to be affected with FMD and the mitigations as outlined in “SCREWWORM AND FMD DECLARATION: VETERINARY EXPORT HEALTH CERTIFICATE ADDENDUM LONGINES OCALA 2025” have been OR will be performed and certified to and attached to this supplemental.^{1,2}

VIII. Screwworm Attestations:

- a. APHIS recognizes the country of residency as free of Screwworm.^{1,2}
OR
- b. APHIS recognizes that the country of residency, or any country resided in within seven (7) days of export to the US, to be affected with Screwworm and the mitigations as outlined in in “SCREWWORM AND FMD DECLARATION: VETERINARY EXPORT HEALTH CERTIFICATE ADDENDUM LONGINES OCALA 2025” have been OR will be performed and certified to and attached to this supplemental.^{1,2}
